

CAMBRIDGE SCALE WORKS INCORPORATED

MODEL 660 SERIES LOW PROFILE BASES

The Cambridge Scale Works, Inc.

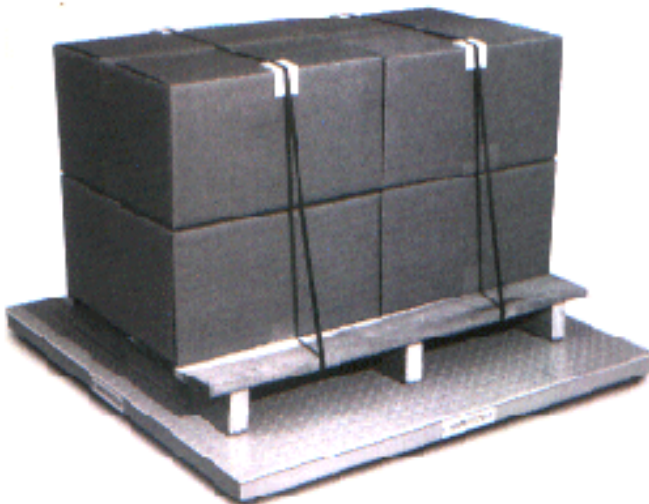

Model 660 Series bases feature Heavy Structural Tubular Steel Construction, Heavy Diamond Tread Deck Plate.

FEATURES

- 1 Part in 5,000 Accuracy (NTEP)
- 1 Part in 10,000 Accuracy (Non-NTEP)
- Heavy Structural Tubular Steel
- Heavy Diamond Tread Deck Plate
- 150% Overload Protection
- 100% End Loading Capacity
- Low Profile Design Allows
- Easy Incline Ramping
- Eye-Bolt Holes for Easy Set-Up and Moving
- 20 Foot Shielded Indicator Cable

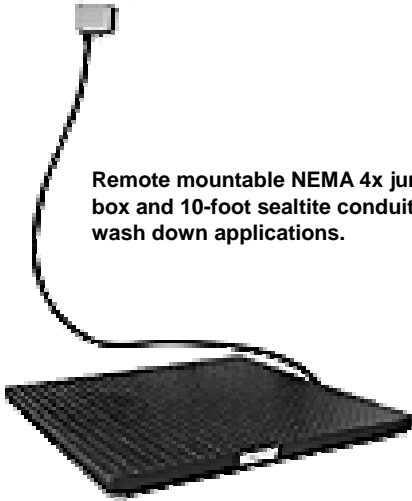

- Shock Load Protection
- Four Internally Mounted Shear Beam Load Cells: NTEP Certified-5,000 Divisions
- Class III/IIIL Environmentally Protected 4) IP 67
- Water Resistant Rated

Cambridge Scale Works Inc., P.O. Box 670, Honey Brook, PA 19344 (610)273-7040

MODEL 660 SERIES LOW PROFILE BASE

OPTIONS

Remote mountable NEMA 4x junction box and 10-foot sealite conduit for wash down applications.

HARSH ENVIRONMENT PACKAGE All of the standard features but with added sandblasted surface, capped and sealed tubes, cold zinc epoxy coating, urethane enamel finish coat and stainless steel load cells,

Remote NEMA 4x "J" box with 10' Sealite conduit. Perfect for harsh conditions and chemical applications where total stainless steel is not required.

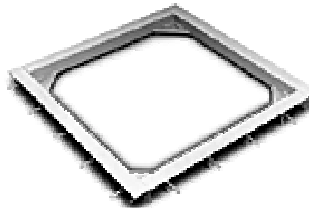

FORKLIFT PACKAGE All of the standard features of the 660 but with built in forklift skids for those applications requiring convenient and rapid transporting of the scale. Built in corner guards help protect the leveling foot and load cells from possible damage from forklift.

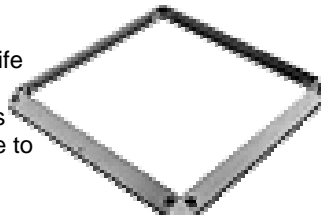

PIT FORM

Includes everything but the concrete. Each Cambridge Scale Works pit form is custom built to exactly contain the scale you order. The forms feature welded reinforcing rods on all sides for easy installation.

BUMPER GUARDS

Protect your investment and add years to the life of your scale with our 360° diamond steel bumpers. Angled design deflects forklift blades and prevent unwanted movement and damage to scale.

EASY INCLINE RAMPS

These back saving ramps are ideal when a pit application is impossible. Designed to fit all four sides of any 660 Series scale and lock in place with attached brackets.

SIZE	CAPACITY	SHIP WEIGHT
